Canada Tour 2010

AUSTRALIAN INDIE BAND THE FIRETREE TO TOUR CANADA

Centred around the vocals of Dale Buchan and Josephine Cubis, The Firetree are an independent five-piece band from Byron Bay, Australia. Their energetic live shows, blending an indie folk sound with rock sensibilities, have ensured a loyal fanbase on the east coast of Australia.

Following in the tradition of Angus & Julia Stone and Stars, the band has a strong focus on songwriting. Their catchy, upbeat tracks are brought to life with sublime harmonies and the contrast between two different yet complimentary vocalists.

Now The Firetree are releasing their highly anticipated debut EP, *The Space Between*. Recorded at Studios 301 with acclaimed producer Murray Burns, *The Space Between* showcases the unique sound and duality of the group.

The first single from the EP, *Tame*, will be released in Canada with the EP and Canadian Tour Launch Party at The Cellar Vancouver on November 11, 2010.
